Policy on Administration of Medication Form

Child's Name _____

The Valley-Shore YMCA views the administration of medication as a serious process. The staff, although trained, is limited in their ability to administer medication. However, medication will be administered to children enrolled in child care at the YMCA only after a "plan" has been developed with the parents and approved by the Child Care Director. The Director is responsible for the implementation of this program in their respective department.

The Valley-Shore YMCA will require the following for:

Prescription Medication

- All medication must be delivered by parent or guardian - **NOT BY THE CHILD**
- "Authorization for Administration of Medication by Day Care Personnel" order form completed with specific instructions authorized by physician and parents
- We cannot administer "as needed" medications
- Any change in order will require a new order from physician
- Original childproof container labeled with same instructions as authorization form.
- All necessary items (measuring spoons, etc) must be provided.
- Inhaled medications administered by hand held inhalers – only with specific times stated by physician.
- All items will be returned to parents when completed.

Note: the Valley-Shore YMCA will not administer investigational drugs.

Non-Prescription Medication

- All medication must be delivered by parents or guardian – **NOT BY THE CHILD**
- "Authorization for Administration of Medication by Day Care Personnel" order form filled in with specific instructions for administration signed and authorized by physician and parents.
- Original container with child's name and instructions matching those on the authorization.
- Items will be returned to parents when completed.
- Non-prescription topical medications require only parental signature.

Note: The Valley-Shore YMCA will not administer ear, eye, or nose medications or drops

Parent Handbook Form

You have been given a Parent Handbook so that you have a complete knowledge and understanding of our School Age Program and its policies and procedures. Please familiarize yourself with its contents and sign and return this form.

Discipline policy as stated in Handbook:

The School Age Program is a place for children to have fun, but we expect caring, respectful, honest and responsible behavior from your child. If needed, our caregivers will use positive methods in disciplining children. If a child is out of control, our caregivers will remove the child from the activity and he/she will be given time to regain control while separated from the group. The child will always be in sight of our caregivers and never left alone. Our caregivers will never use abusive, neglectful, corporal, humiliating or frightening punishment under any circumstance. If a child's behavior consistently requires attention from our caregivers, which takes away from other children, you will be notified. We reserve the right to suspend a child's participation in the program temporarily or permanently due to discipline problems. Intentionally causing injury to another child, or leaving the caregiver's supervision will result in temporary suspension. If your child's participation is **temporarily suspended**, you will continue to be **responsible for payment** for the original scheduled days. After three suspensions your child will be removed from the program.

I, the parent/guardian of _____ have read, understand and hereby agree to abide by the policies and procedures as stated in the Parent Handbook provided to me by the Valley-Shore YMCA School Age Program. I also understand and agree to abide by the discipline policies stated above and in the handbook.
